VISIT TO THE TRADE FAIR WITH A FAMILY HOLIDAY

The trade fair will take place exceptionally this year from 8 - 10 June 2022. During this week, some federal states in Germany will be on holiday. Therefore, we have come up with the following specials for your customers and visitors from these regions. From the medieval old town to modern architecture, from museums to sights - the second largest city in Bavaria has something for everyone.

A visit to Nuremberg is the ideal way to combine a visit to the trade fair with a family holiday.

Bring your Family!
